so if you can get them cheap at a nursery nearby please do so a 5 gallon carboy bottle is going for around usd 48 on ebay usa but as my gardening books always suggest follow and advocate minimum of expense and minimum of fuss you may want to spend some time asking around in your circle of friends and neighbors for large glass bottles which is they can spare you i have seen some of these bottles kept away in garages because once upon a time they were used and the owner does not have any use for them at the moment he may not want them for another 20 years either please do buy the bottles from your friends otherwise a long lasting friendship can get into jeopardy when carelessly spoken words of half jesting well he borrowed that bottle from me and what a mess he has made in it could cause subconscious rancor and ill will that is of course if he is not interested in gardening if he is a gardener he is going to demand his bottle back along with your bottle garden five years down the line you may want to tell him the purpose for this gardening experiment it is possible he may also want to give you some suggestions about plants based on his experience
