the present study analyzed participant descriptions of what it was like to resolve one s hate toward someone or something this experience was described as taking place in terms of a structure involving three phases 1 when i hated 2 resolution of hate and 3 after hate the first phase when i hated was characterized by four themes power unjust significant and not me phase 2 which concerned the resolution of hate was described as a transition period defined by the themes of choice separation distance and change in perspective the final phase after hate was characterized by two themes burden lifted and release restoration it appears from these results that as people learn to see the object of their hate from a different perspective they are able to resolve their hate and in some cases to restore a meaningful relationship to the object s of their former hate the

resolution of hate was often described in terms of collapse of one of the first three themes defining phase 1 that is the power dynamics of the situation changed and the initiating incident was now seen as either trivial or justified and the reason for continuing to hate was no longer experienced as significant an understanding of how hate is resolved from a first person perspective has the potential for deepening our understanding of how hate is overcome and on this basis of leading to more effective interventions designed to help others resolve hate

every day the media confront us with the many forms and excesses of hatred cyber hatred hate speech bullying hate groups religiously inspired violence against dissidents and genocides hatred is human and current it is an intrinsic part of what can happen between people personal experiences can lead people to hate someone in society and even on a global level hatred is again and again the motor of misunderstanding and often also of violence between people sometimes hate smoulders almost unconsciously at other times he is furious and serves as a flag for serious violence hatred has many faces and seems omnipresent that much is clear the term erida complex after the greek goddess of hate symbolizes the common and deeply rooted nature of hatred hatred is mighty as a destructive force he knows how to motivate individuals and large groups of people to bring out the worst in themselves he turns life among people into a desert however he cannot compete with irene the goddess and the symbol of peace after all he is unable to correct what went wrong nor is it a ground for building a peaceful society at the same time hatred is impotent against the positive freedom of people to transcend the negative those who are open to this will see many connecting and therefore irenean initiatives hatred does not and should not have the last word opposite the well of erida is the irenese the way to peace after examining the nature of hate this book focuses a wide angle lens on its many faces in individuals and groups as well as peoples facing the negativity of hatred this book presents constructive approaches to fostering relationships between people and peace

the creation of a new field of lesbian and gay studies over the past thirty years has been a fascinating project this volume brings together key authors in the field in 26 major essays and provides a clear sense of just how much has been achieved it is a guide to the state of the art and invaluable for scholars throughout the world ken plummer professor of sociology university of essex and editor of sexualities this book is unique in lesbian and gay studies from politics to health cyber queers to queer families the review essays in this volume cover all the important bases of glb history and politics the introduction is a simple and accessible overview of the changing faces of theory and research over many decades this book is bound to be an important resource in a burgeoning field janice irvine associate professor of sociology university of massachusetts amherst the handbook of gay and lesbian studies assembled by two leading theorists of sexuality makes available more than two dozen new cutting edge essays in gay studies essential for social science scholars and students of gay queer studies david f

greenberg professor of sociology new york university with this benchmark work lesbian and gay studies comes of age drawing from a rich team of global contributors and carefully structured to elucidate the core issues in the field it constitutes an unparalleled resource for teaching research and debate the volume is organized into 4 sections history and theory this covers the roots of lesbian and gay studies the institutionalization of the subject in the academy the naturalness of heterosexuality science and sexuality the comparative sociology of homosexualities and the heterosexual homosexual division identity and community this examines the formation of gay and lesbian identities communities and movements cyber queer research sexuality and space generational issues in lesbian and gay lifecycles and the subject of bisexuality institutions this investigates questions of the governance of sexualities lesbian and gay health sexualities and education religion and homosexuality homosexuality and the law gay and lesbian workers homosexuality and the family and lesbian gay and queer encounters with the media and popular culture politics this explores the formation of the gay and lesbian movements impact of globalization antigay and lesbian violence nationalism and transnationalism in lesbian and gay studies and sexual citizenship the result is an authoritative book that demarcates the field stimulates critical discussion and provides lesbian and gay studies with an enriching focal reference point it is quite simply a breakthrough work that will galvanize discussion and research for years to come
